Dear IPO Members and Colleagues:

It is my pleasure to invite you to the 2004 IPO Annual Meeting in Boston. The program committee, chaired by Frank Sroka of BP America, Inc., has created a two-day program addressing intellectual property law topics that no one should miss.

The IPO Annual Meeting offers many opportunities to renew acquaintances and make new friends. The meeting will begin with a welcome reception on Sunday evening with views of downtown Boston from the Seaport Hotel. The Monday evening reception and dinner will feature an historic Boston landmark, The Wang Center, and entertainment by the Harvard Krokodiloes, the university's oldest *a cappella* singing group.

Monday's luncheon speaker will be the Honorable **Jon W. Dudas**, Acting Under Secretary of Commerce for Intellectual Property and Acting Director of the U.S. Patent and Trademark Office. The Tuesday luncheon speaker will be **Joseph M. Tucci**, President and Chief Executive Officer of EMC Corporation.

Monday morning features a look at the U.S. Court of Appeals for the Federal Circuit, starting with "**Federal Circuit Trends and Recent Cases**" followed by "**A Federal Circuit Appeal Reenacted.**" Monday afternoon includes a variety of topics from open source to biotechnology to the Knorr-Bremse case. IPO's committee-sponsored programs include copyright, trademark and trade secret topics.

Tuesday features topics of international interest such as "**Piracy and Counterfeiting Developments,**" "**Antitrust/Competition Law – IP Interface**" and "**Employee-Inventor Remuneration Internationally and in the U.S.**" Tuesday afternoon includes an ethics program and an opportunity for IPO committees to hold business meetings. Program details begin on page 1 of this brochure.

Boston in the fall is a wonderful place for you and your family to visit, full of museums, historic sites and attractions. In addition to the receptions and dinner, spouses and guests may wish to attend a tour of the Botanical Museum of Harvard University, featuring the unique "garden in glass" created by Leopold Blaschka.

I hope you will join us for what promises to be an outstanding program!

Cordially,

J. Jeffrey Hawley
President

ANNUAL MEETING ADJOURNMENT

Guest Tour: Botanical Museum of Harvard University

MONDAY, SEPTEMBER 13

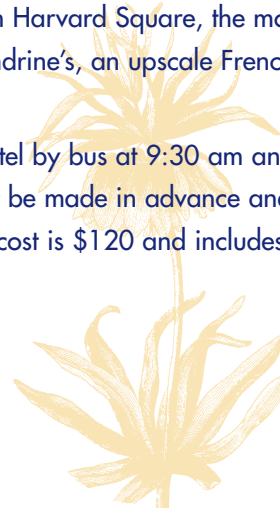

Harvard's Glass Flowers

Since the 1880's the Botanical Museum of Harvard University has been the showplace of the unique "GARDEN IN GLASS." True to life glass models of over 700 plant species have inspired reactions ranging from amazed admiration to disbelief. The accuracy of their forms corroborated by botanists, attests to the artistic and scientific skill of their creators, Leopold Blaschkka and his son Rudolf. Their family, originally from Venice, included numerous artistic technicians who had, through many generations, developed great proficiency in the working of glass, enamel and metals. Rudolf, who died childless in May of 1939, was the last of the line. He never engaged helpers or apprentices, and therefore the present collection of plant models is an irreplaceable monument to the principle of consummate craftsmanship.

In addition to being a popular attraction, the glass flowers collection serves as a useful adjunct to the study of botany and is regularly used for that purpose by the students of Harvard, Radcliffe, and other colleges in the Boston area. Following the tour, the participants will have time to browse in Harvard Square, the most eclectic shopping area in the city. Lunch will be served at Sandrine's, an upscale French bistro in Harvard Square.

Participants will depart the Seaport Hotel by bus at 9:30 am and return to the hotel at 2:30 pm. Registration for the tour must be made in advance and should be indicated on the registration form on page 13. The cost is \$120 and includes lunch.

Reception, Dinner & Entertainment

MONDAY, SEPTEMBER 13

Annual Meeting registrants and their paid guests are invited to spend an evening at **THE WANG CENTER**, in the fashionable theatre district of downtown Boston. Opened in 1925, "The Met," as it was originally named, was hailed as a magnificent movie "cathedral," reminiscent of the splendor of a Louis XIV palace and was considered historically the most important Boston landmark of "the Roaring Twenties." Rivalled by few other theaters in the world, its glittering crystal chandeliers and imposing columns and doorways of imported marble formed an elegant setting for thousands of patrons who came to be entertained by motion pictures, big bands and vaudeville. Following a reception in the Lower Lobby, IPO Annual Meeting attendees will enjoy dinner in the Grand Lobby, with its one hundred foot ceiling, grand staircase, fifteen-foot chandeliers and opulent décor.

Entertainment will be provided by the **HARVARD KROKODILOES**. Founded at the Hasty Pudding Club in 1946, the Kroks are Harvard University's oldest *a cappella* singing group. This ensemble of twelve undergraduate men has been bringing the popular music of the American era of the 1920's, 30's, 40's, and 50's to audiences across America and around the globe for more than half a century. Their fine musicianship and youthful energy combined with their unique blend of snappy choreography and witty humor has made them crowd-pleasers wherever they roam.

Membership

“IPO is the only association in the U.S. that serves all intellectual property owners in all industries and all fields of technology.”

Intellectual Property Owners Association (IPO), established in 1972, is a trade association for owners of patents, trademarks, copyrights, and trade secrets. IPO is the only association in the U.S. that serves all intellectual property owners in all industries and all fields of technology.

The association advocates effective and affordable IP ownership rights and provides a wide array of services to members. It concentrates on: supporting member interests relating to legislative and international issues; analyzing current IP issues; providing information and educational services; and disseminating information to the general public on the importance of intellectual property rights.

GOVERNMENT AFFAIRS

Promoting the Interests of the IP Owner

IPO advocates effective protection for patents, trademarks, copyrights, and trade secrets, and urges laws that provide reasonable certainty to avoid undue litigation. Current projects include:

- Ending the government’s practice of diverting patent and trademark fee collections from the USPTO.
- Supporting efforts to harmonize the world’s patent laws.
- Filing amicus briefs on selected IP issues.
- Studying several possible reforms in U.S. patent law.

MEMBER EDUCATION

Building Relationships and Knowledge

IPO educates members by sponsoring meetings that bring together experts from the United States and abroad to discuss trends and recent developments in IP law. IPO committees offer members professional development and leadership opportunities.

- Conferences include IPO’s Annual Meeting, PTO Day, Patent Quality Conference, Managing Corporate IP, PTO Appellate and Interference Practice, and ADR in the IP context, among others.
- IPO’s 34 Standing IP Committees address six areas of IP policy, law, and practice. Committees prepare reports on current issues in the courts, government agencies and Congress and develop policy recommendations for adoption by the IPO Board of Directors.

IP NEWS & INFORMATION

A unique resource — www.ipo.org

- *IPO Daily News™*, delivered via e-mail to members, provides timely summaries of patent and trademark opinions of the U.S. Court of Appeals for the Federal Circuit, and is an excellent source for the latest information on legislative and international events.
- The Corporate IP Career Bank is a resource for all members to search available positions in the field of corporate intellectual property, and for IPO corporate members to post positions.
- Advanced searching capability at www.ipo.org facilitates access to over 1,000 documents.
- IPO Global IP Calendar — IPO’s newest website feature. A reference guide for all IP events and IPO meetings and events. Organizations may submit events to be listed on IPO’s Global IP calendar.

PUBLIC AWARENESS

Leading the IP Rights Information Campaign

IPO informs the public and government policy makers about the increasing importance of intellectual property rights.

- IPO’s Inventor of the Year Award, given each year to an outstanding American inventor of a recently patented invention, receives national publicity.
- IPO comments when IP is challenged in connection with such controversies as access to medicines, relationship to antitrust laws, piracy through web-based song swapping services, and the efforts of developing countries to protect “traditional knowledge.”

Join IPO

If the 2004 IPO Annual Meeting interests you, consider joining IPO. For information about becoming a member contact the IPO office at 202/466-2396 or apply online on our web site, www.ipo.org.

IPO Committees

CORNERSTONE OF THE ASSOCIATION

Committees provide IPO members the opportunity to contribute their talent and experience to advancing the goals of the association. The IPO committee structure has been expanded to include 34 Standing IP Committees in 6 issue areas with more than 700 members. A wide range of topics are covered including numerous aspects of patents, trademarks, copyrights, and trade secrets. Committees play an integral role in policy development at IPO by researching and providing analysis on current intellectual property issues and producing recommendations for the Board of Directors. For a complete listing of IPO committees and their charters, visit www.ipo.org and click on the committees button.
